## **Philosophical Biography**

Mr. Groen believes the most effective way to raise a child is in a Christian community where there is consistency between church, home, and school. Children thrive in an environment where they are nurtured to know God and His will for their lives. Deuteronomy 6:4-9 reads, *"Hear, O Israel: The Lord our God, the Lord is one. Love the Lord your God with all your heart and with all your soul and with all your strength. These commandments that I give you today are to be on your hearts. Impress them on your children. Talk about them when you sit at home and when you walk along the road, when you lie down and when you get up. Tie them as symbols on your hands and bind them on your foreheads. Write them on the doorframes of your houses and on your gates."* The most effective education and upbringing is based on the rock solid truth of the Bible and is focused on the person of Jesus Christ, who is the embodiment of grace and truth.
